30th October – 01st November 2026

ABOUT THE UNIVERSITY

Established in 1920, the University of Lucknow is one of India's oldest and most prestigious public universities. Located in the historic city of Lucknow, Uttar Pradesh, the University has a distinguished legacy of academic excellence in teaching, research, and innovation. Accredited with NAAC A++ Grade, it offers a wide range of undergraduate, postgraduate, doctoral, and professional programmes across diverse disciplines.

With its vibrant academic environment, accomplished faculty, modern infrastructure, and commitment to interdisciplinary research, the University continues to contribute significantly to higher education and nation-building. The University actively promotes international collaborations, innovation, entrepreneurship, and sustainable development while fostering intellectual growth, ethical values, and social responsibility, making it a leading centre of learning and research in India.

DEPARTMENT OF LIBRARY AND INFORMATION SCIENCE

The Department of Library and Information Science (DLIS), University of Lucknow, is a pioneering centre for education, research and training in library and information science. It offers B.Lib.I.Sc., M.Lib.I.Sc. and Ph.D. programmes with a strong emphasis on emerging technologies, digital libraries, information management and knowledge services.

The Department prepares professionals equipped to meet the challenges of the information age and to contribute to knowledge-based society. Through its experienced faculty, academic rigour, research culture and industry-oriented approach, the Department continues to produce competent library and information professionals who are making significant contributions in diverse sectors including academia, libraries, archives, information centres, corporations, government organizations and beyond.

TAGORE LIBRARY

Tagore Library, the central library of the University of Lucknow, is named after Gurudev Rabindranath Tagore. It houses a rich and diverse collection of books, journals, e-resources, rare books, manuscripts and digital resources. The Library provides modern facilities, ICT-enabled services and a conducive environment for learning, research and innovation. It remains committed to supporting the academic pursuits of students, faculty, researchers and library professionals through quality resources and user-centric services.

IFLA Section
